Xth EUROPEAN MULTICOLLOQUIUM OF PARASITOLOGY

www.emop10.eu

The French Society of Parasitology is delighted
to welcome in Paris the:

Tenth European Multicolloquium of Parasitology

24-29 August 2008

EMOP X proposes a multidisciplinary approach to discuss the latest results on the role of parasites in sustainable interactions within ecosystems; on the considerable load of parasitic diseases on human & animal populations; on the most recent breakthroughs in prophylaxis & therapeutics & on the impact of global changes on parasitic systems.

Provisional Scientific Program

The program will include oral communications, posters & keynote lectures. These communications will be delivered during 70 sessions organised in the 15 following symposia :

- 1 - Apicomplexa
- 2 - Kinetoplastida
- 3 - Ectoparasites, Vectors & Control Strategies
- 4 - Intestinal & Liver Parasites
- 5 - Blood & Tissue Metazoan Infections
- 6 - Taxonomy, Evolution & Phylogeny
- 7 - Emergent & Nosocomial Infections
- 8 - Cellular & Molecular Biology
- 9 - Immunology
- 10 - Parasites of Fishes & Other Ectothermic Vertebrates
- 11 - Population Genetic Structure & Molecular Epidemiology
- 12 - Innovative Epidemiology
- 13 - Innovative Strategies in Diagnosis
- 14 - Ethics, Teaching & Epistemology
- 15 - Innovative Prevention Strategies

Details on the different symposia are given in the web pages.

Satellite symposia & round tables:

Round tables and workshops will be organized upon request to the organizers. Satellite symposia will be organized by industrial firms.

Venue of the Multicolloquium

EMOP X will be organized at the "Cité Universitaire de Paris". This campus is located in the middle of a nice park, nearby downtown Paris & is connected by express trains to Paris airports. The opening ceremony will be held in the "Grand" amphitheatre of the historical Sorbonne.

EFP Young Scientist Award

The EFP will offer Young Scientist Awards to stimulate the participation of young parasitologists and thus to contribute to an increasing development of Parasitology in Europe. Awards will be in two areas: "Research in Basic Parasitology" and "Research in Applied Parasitology". Up to 3 prizes may be awarded in each field: First (1000 euros), Second (600 euros), and Third (400 euros) prizes, all including diploma and refunding of EMOP registration fees. Candidates must be less than 35 year old and a national of one of the European countries attached to the EFP; the paper must be solely authored by the candidate and presented in oral form during the Congress. A letter will be required, certifying that the investigation was undertaken in an European centre. Detailed instructions will be given in the EMOP X web pages.

Scholarships for Parasitologists

Following the tradition, the EFP will offer a number of scholarships for young scientists to attend EMOP X in Paris. The French Society of Parasitology will also provide support for scientists not belonging to the EU and reduced registration fees will be available for students. Details will be given in the EMOP Web pages.

Accommodation

Low-cost accommodation will be available on the campus but conventional accommodation will be also organized in near-by hotels.

EMOP web site : www.emop10.eu

Registration, submission of abstracts, YSA, scholarships, accommodation & definitive program will be available through these regularly updated web pages.
